

Why do you work hard to maintain your health? For your spouse, children, grandchildren, other family members or your close friends? Do you have goals you want to reach? Learn about **colon, breast, prostate** and **cervical cancer**, **why you** should get screened and hear first-person stories from **seniors** about **why they** got screened.

Whatever Your Why Is, come to the “**What’s Your Why**” presentation because **your health matters!**
