## Photography for Beginners

Tuesday Mornings

**July 11 - August 29, 2023**

**10:00am to 11:30am**

**8-week Program - up to 5 learners per class**

**Location: 345 Wilson Avenue, Suite 404,**

**Toronto, ON M3H 5W1**

Bring out the natural photographer in you with this 8-week Photography beginner program. Learn to become a better photographer whether you use a DSLR camera or a convenient cell phone to "snap away" and save memories.

OSSCO® Training Consultant Richard boosts your confidence both creatively and technically as the class explores different types of photography. Every week, you learn a new concept. You see a different perspective and develop new skills to create visual memories. By the end of the program, you begin to establish your own unique style of photographic work.

### **Program Agenda:**

Week 1 Introduction and course objectives.

Week 2 Overview of camera accessories.

Week 3 Mastering exposure for all forms of light and situations.

Week 4 Understanding F stops, Iso and Shutter speed.

Week 5 Learning Composition to move away from snap shots.

Week 6 Mastering Composition for all environments.

Week 7 Shooting portraits and mastering setup.

Week 8 Bring it all together to develop a style.

**Registration is required via Eventbrite or**
